

# REGIONAL WORKFORCE STATISTICS

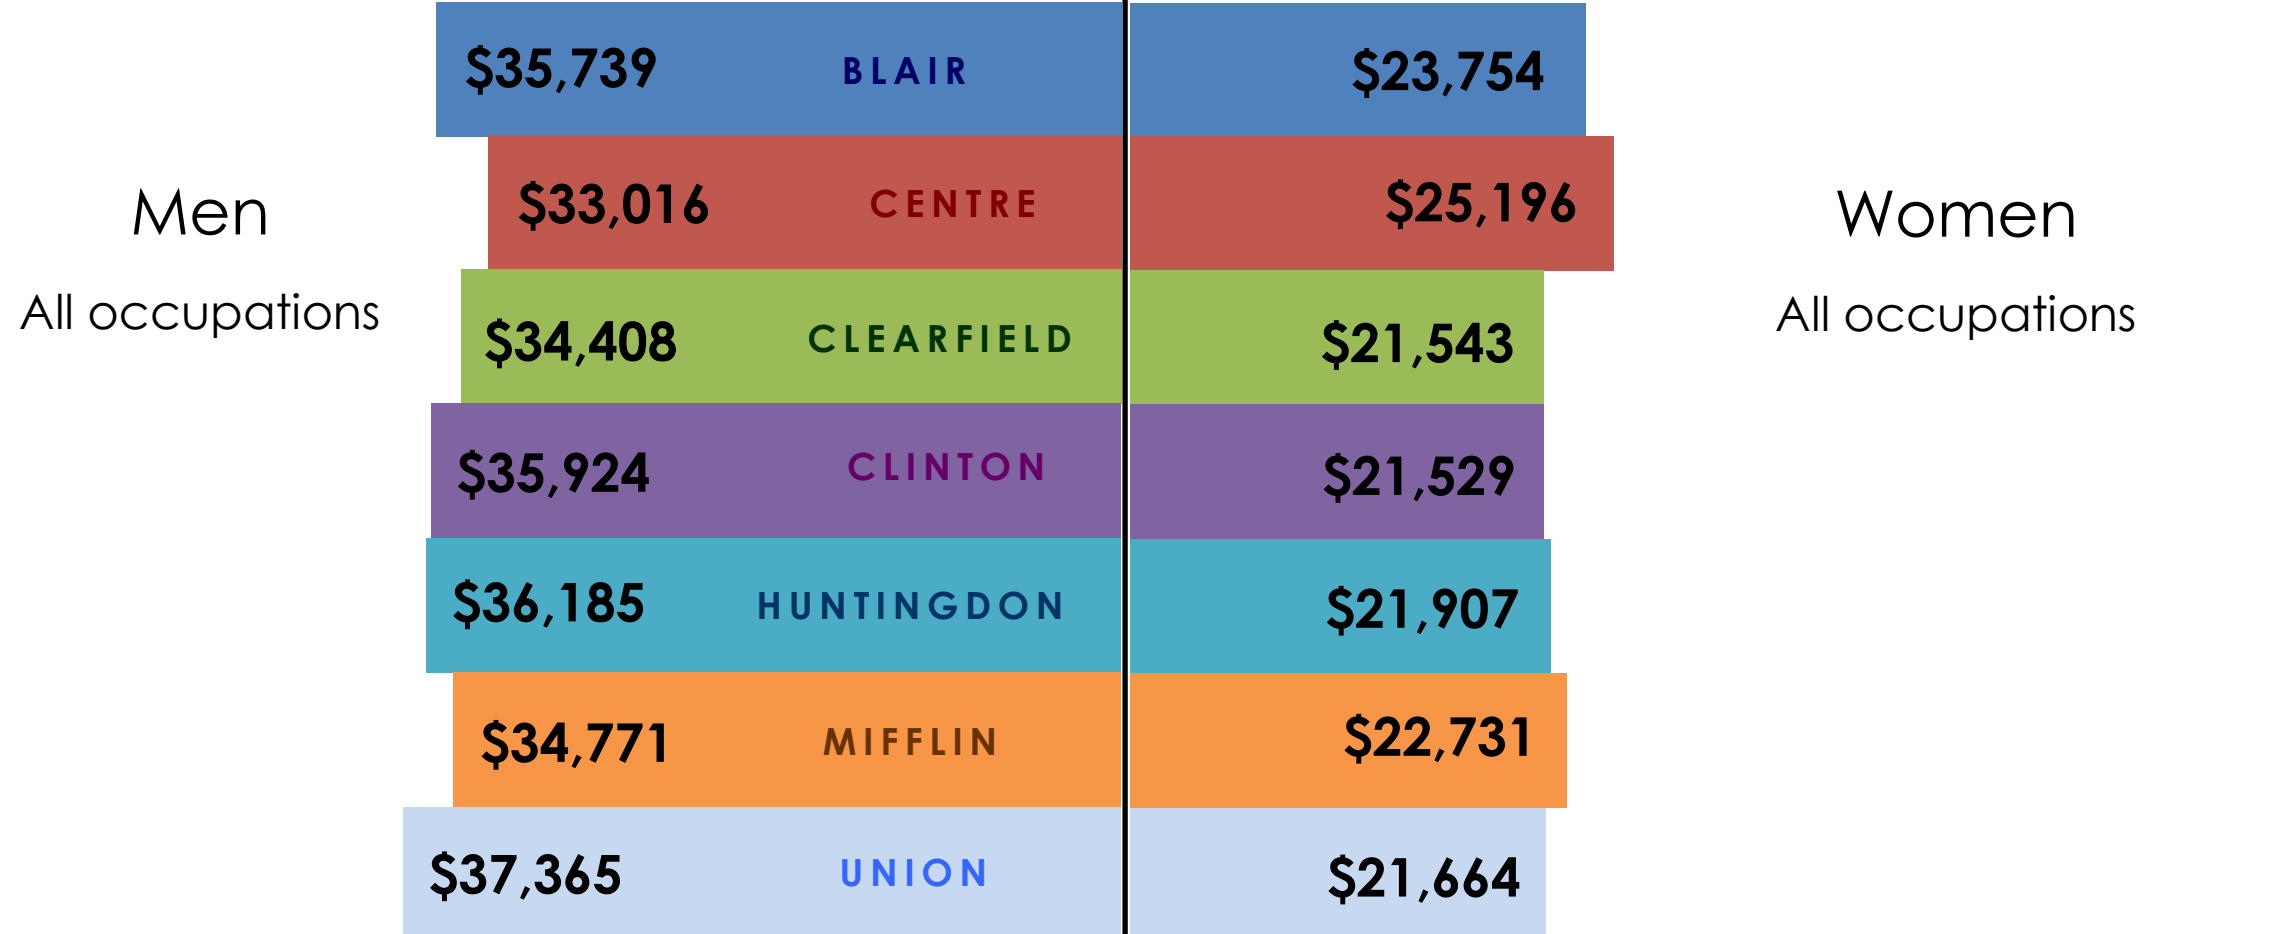

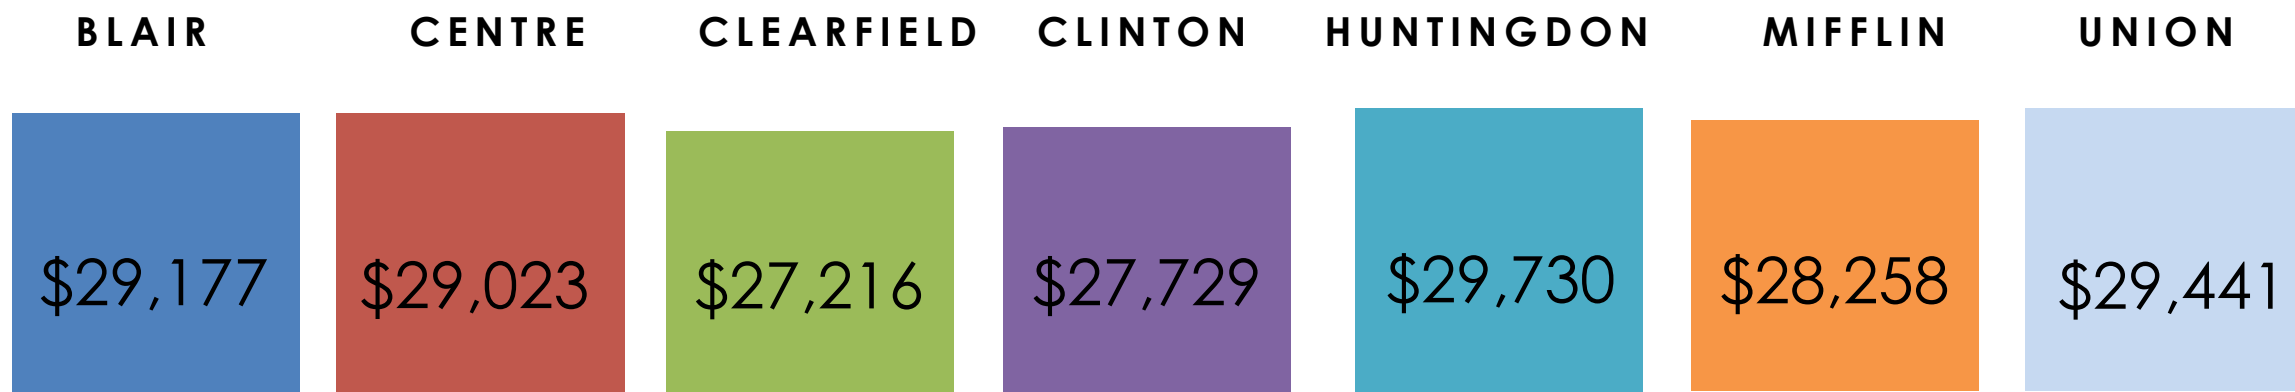

## OCCUPATIONS AND WAGES

The Counties of Blair, Centre, Clearfield, Clinton, Huntingdon, Mifflin and Union

Median annual wages for the employed civilian population age 16 and over

All workers, men and women in all occupations

### All workers

The median wages shown here reflect the mid-point of all wages reported by employed persons in the civilian population age 16 and over.

The median wages for all workers by county in the region are close. Median wages for men and median wages for women by county are also comparable although there are significant differences in the median wages between men and women.

The difference between the median wages of men and women workers is sometimes referred to as the controversial "wage gap"; however, we must further explore what types of occupations men and women are employed in and, what those median wages are in their respective occupations.

Other occupational and wage statistics to consider:

- The number of men and women in the labor force in all counties is nearly 1-to-1.
- Occupations like construction and manufacturing are typically male dominated occupations and service-oriented jobs are usually female dominated.
- A county's economic base and core industries will influence median wages.

Counties of Blair, Centre, Clearfield, Clinton, Huntingdon, Mifflin and Union

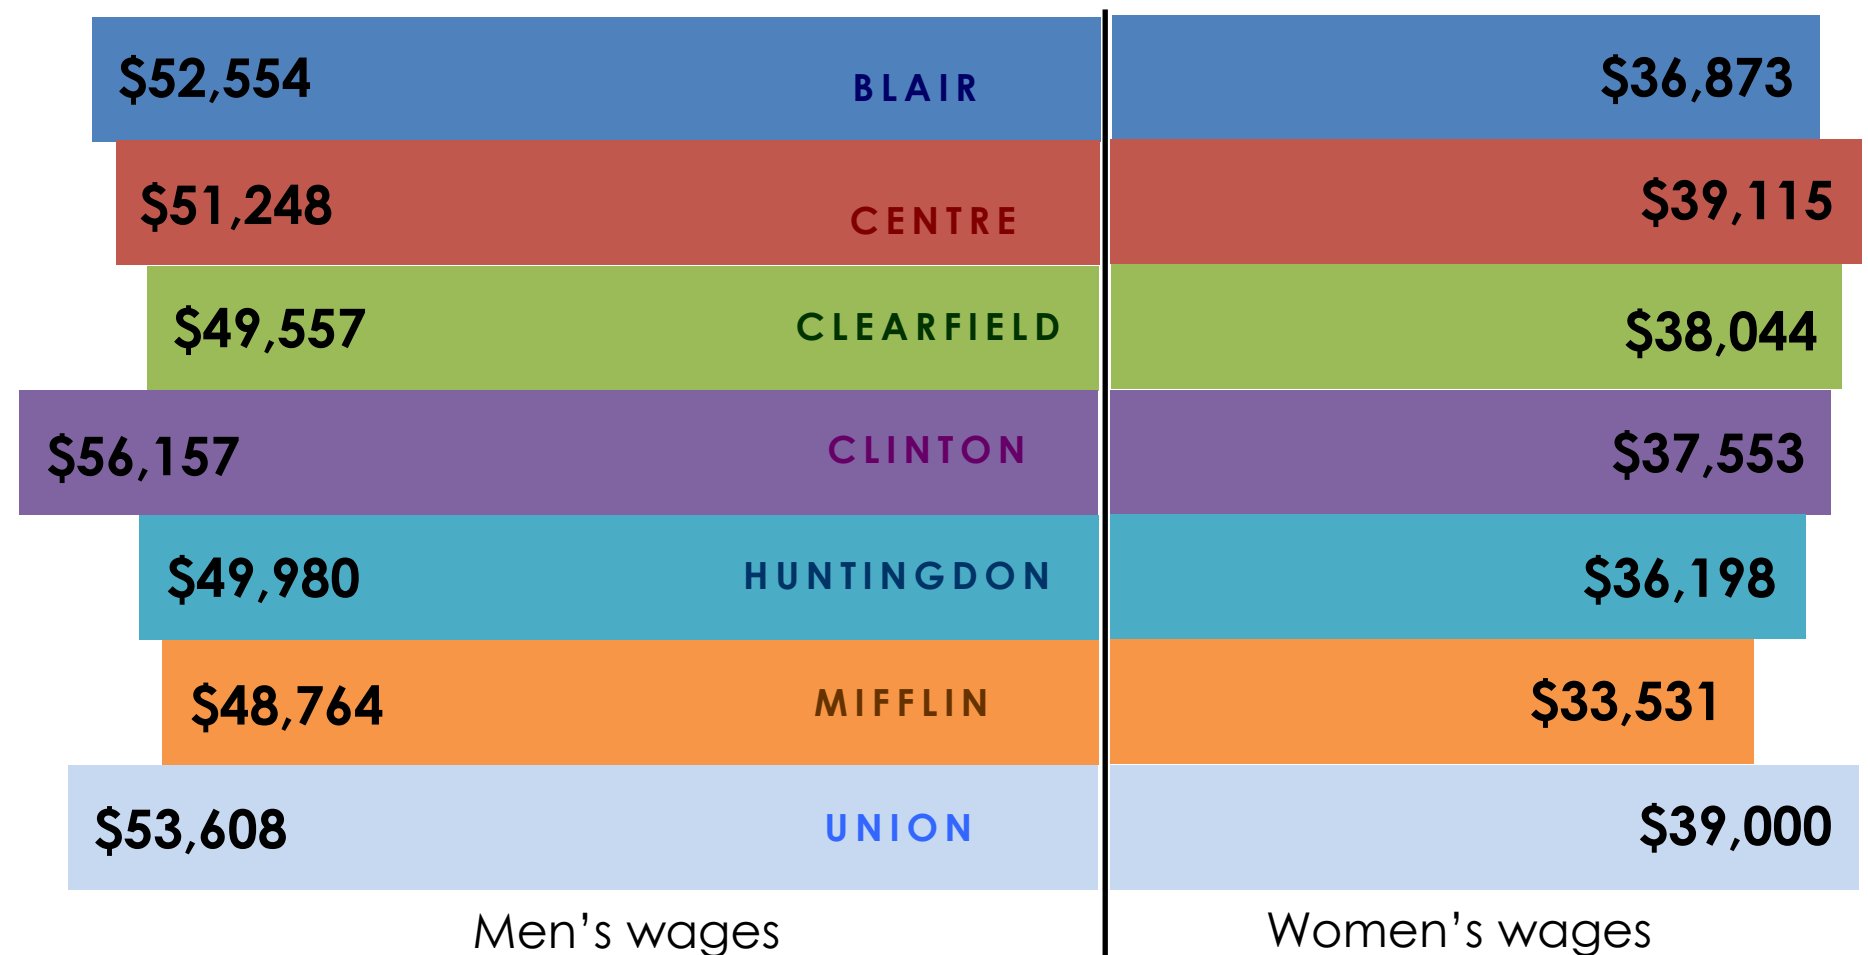

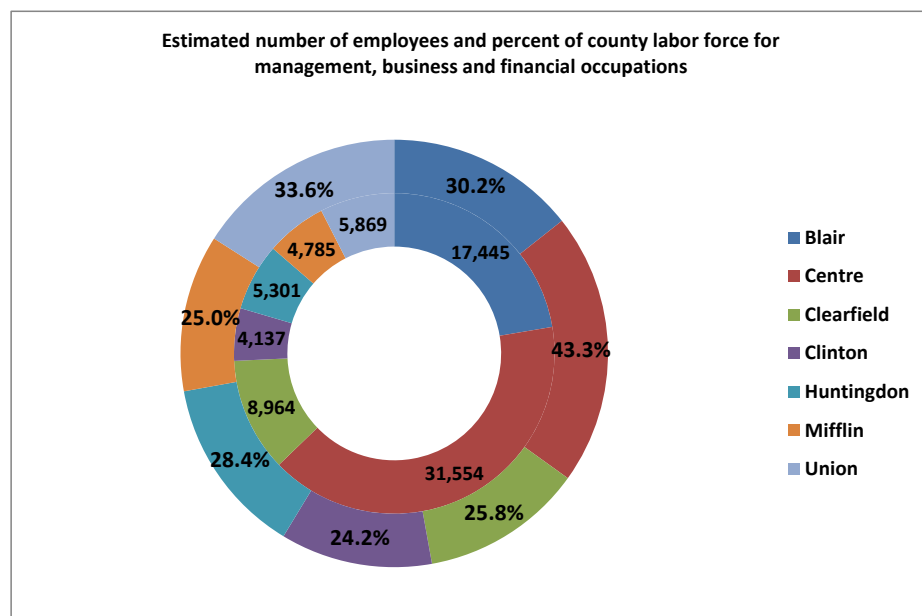

### Median annual wages for men and women employed in management, business and financial occupations by county

#### Management, Business and Financial

Clinton County's median wage for all workers in management, business and financial occupations is the highest, just edging out Union County's workers in the same occupations.

Centre County has the largest number of employees in management, business and financial occupations.

Men and women as a percent of the total number of estimated employees in management, business and financial occupations							
	Blair	Centre	Clearfield	Clinton	Huntingdon	Mifflin	Union
<b>Men</b>	44.0%	54.3%	40.6%	42.1%	41.5%	44.3%	48.2%
<b>Women</b>	56.0%	45.7%	59.4%	57.9%	58.5%	55.7%	51.8%

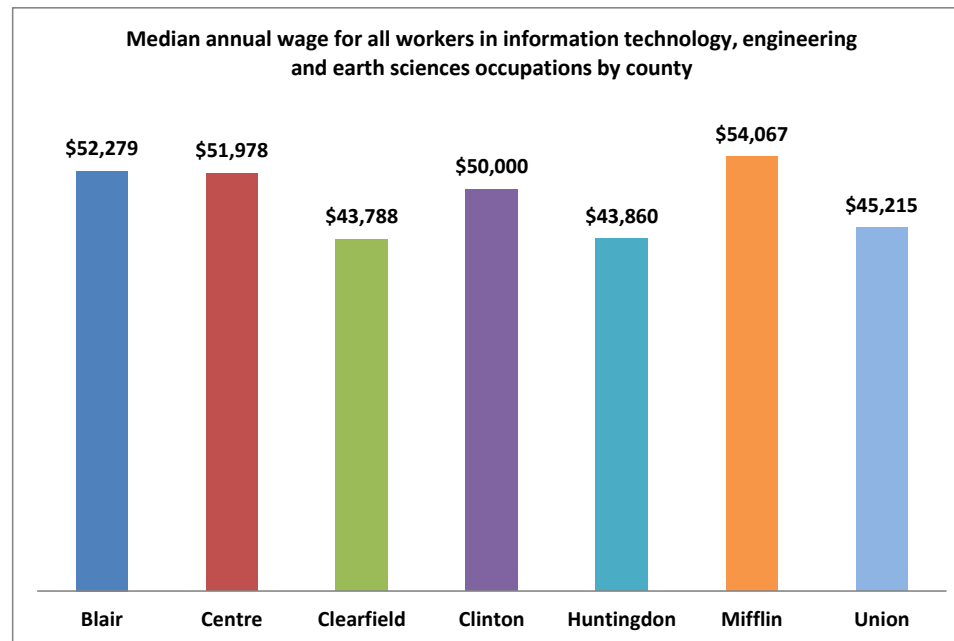

## Occupations and wages continued:

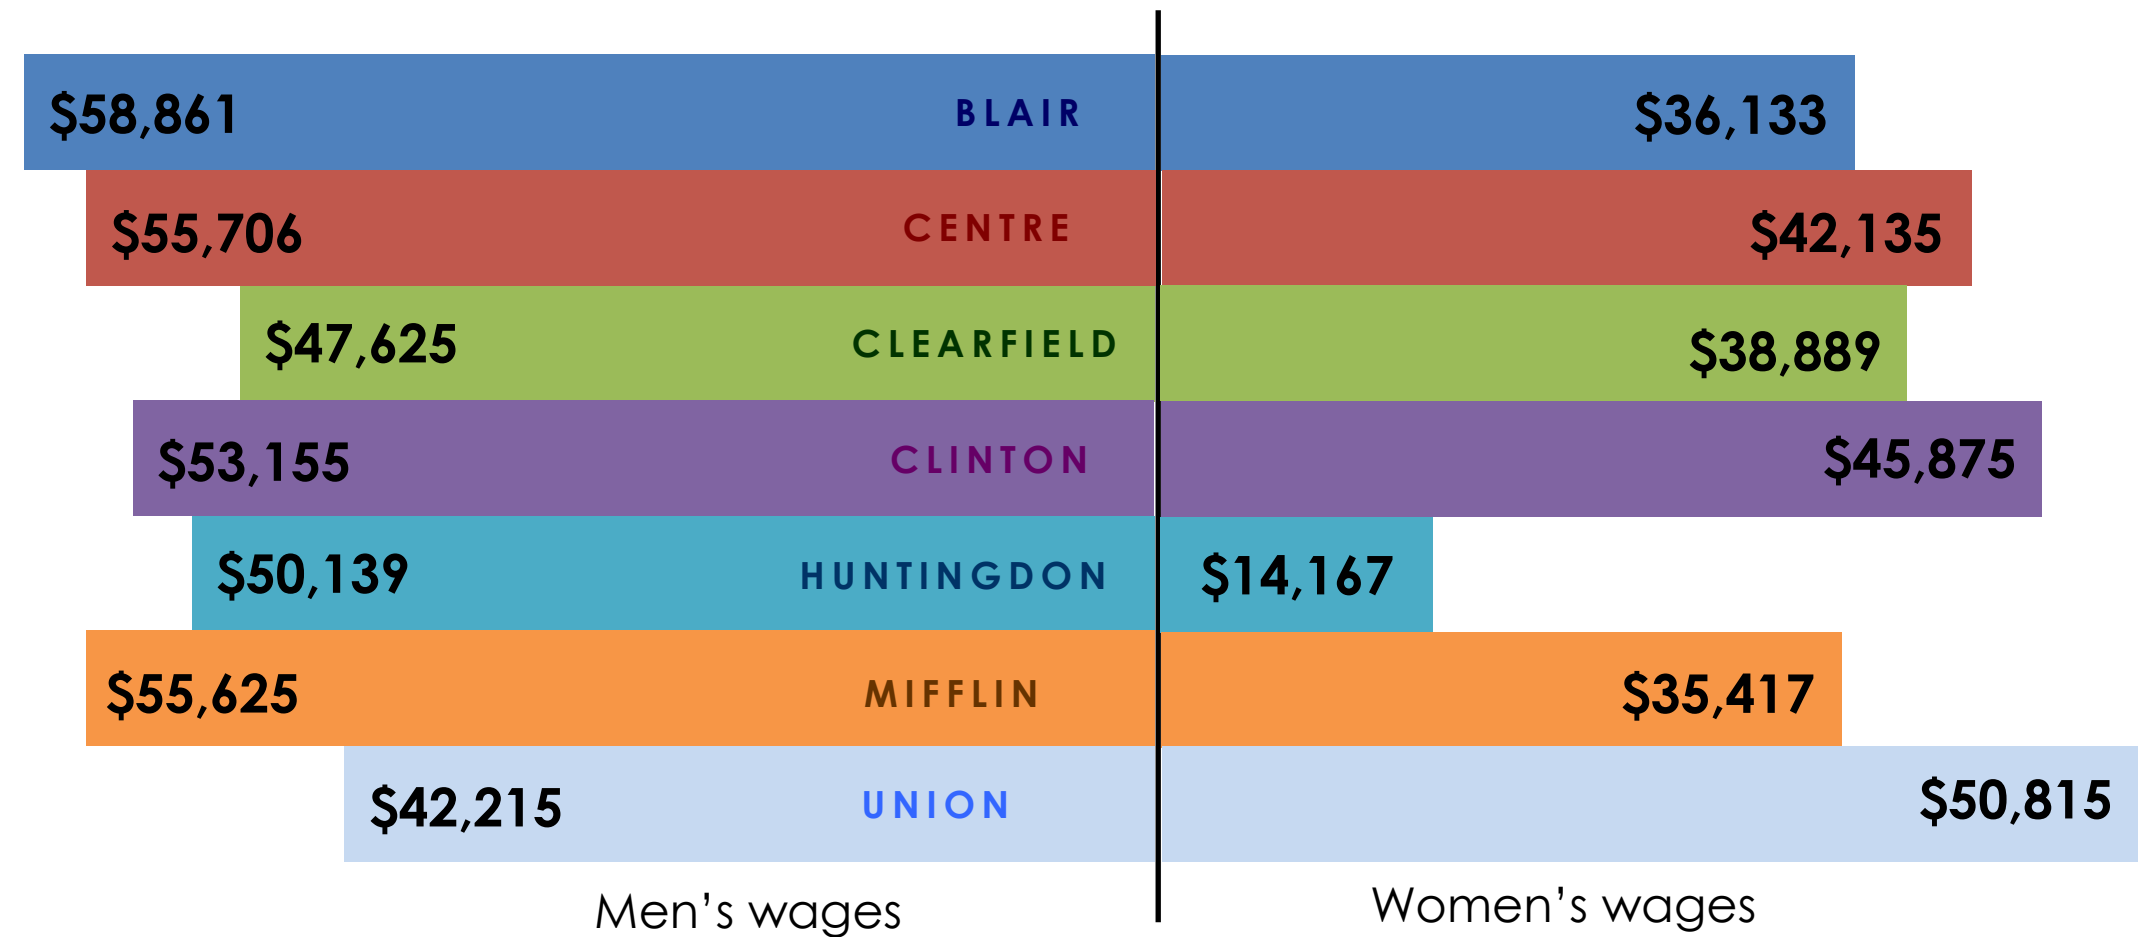

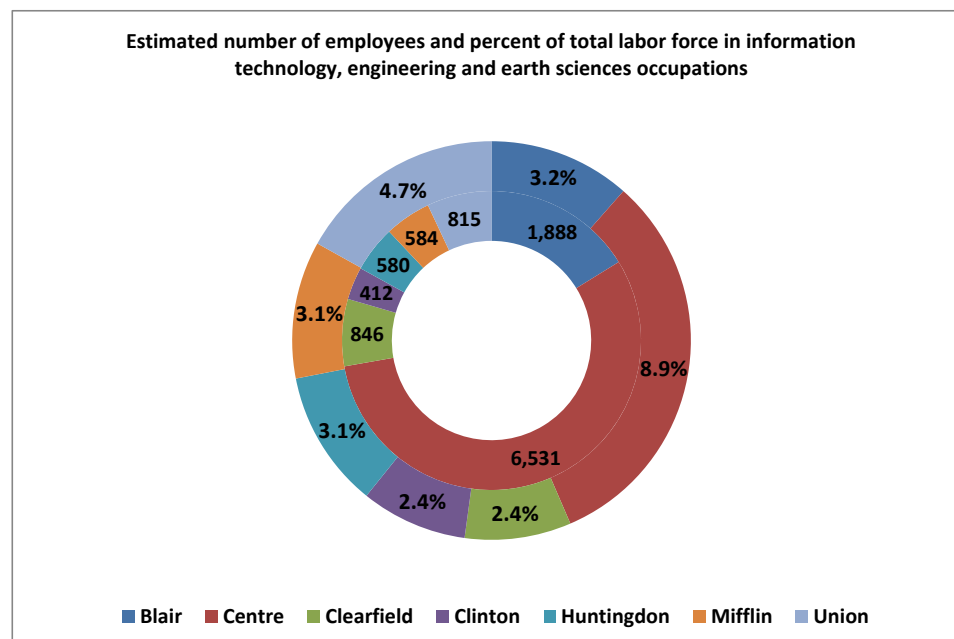

Counties of Blair, Centre, Clearfield, Clinton, Huntingdon, Mifflin and Union

### Median annual wages for men and women employed in information technology, engineering and earth sciences occupations by county

#### Information Technology, Engineering and Earth Sciences

Mifflin County's median wage for all workers across these occupations edges out all other counties and is significantly higher than Clearfield and Huntingdon County's median wages. The pie chart below shows estimated numbers and percentages of the total labor force.

#### Men and women as a percent of the total number of estimated employees in information technology, engineering and earth science occupations

	Blair	Centre	Clearfield	Clinton	Huntingdon	Mifflin	Union
<b>Men</b>	78.3%	75.7%	75.4%	80.3%	71.0%	87.7%	62.0%
<b>Women</b>	21.7%	24.3%	24.6%	19.7%	29.0%	12.3%	38.0%

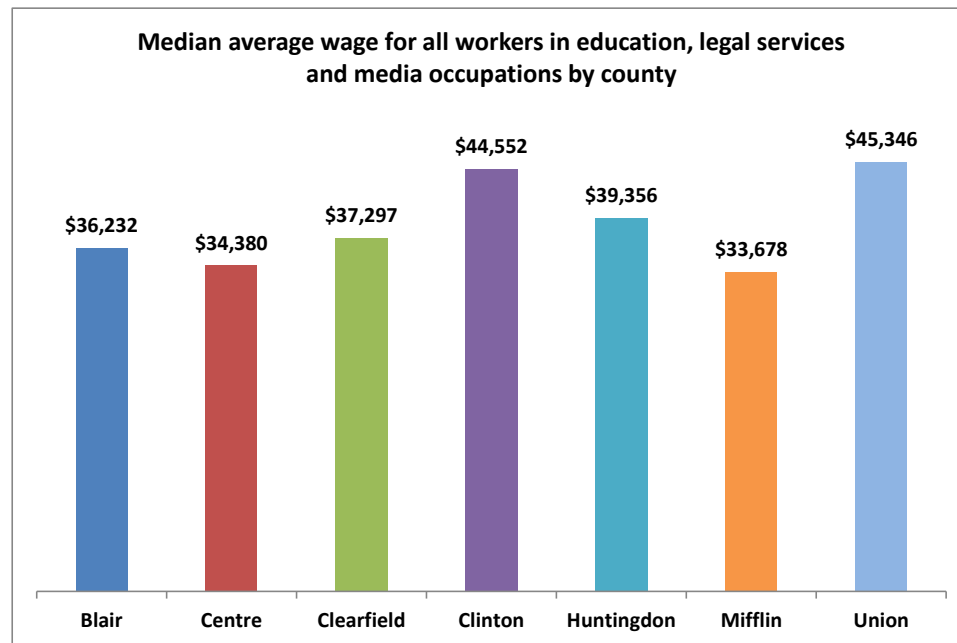

Information technology, engineering and earth sciences occupations are clearly filled more often by men than by women, almost 3-to-1.

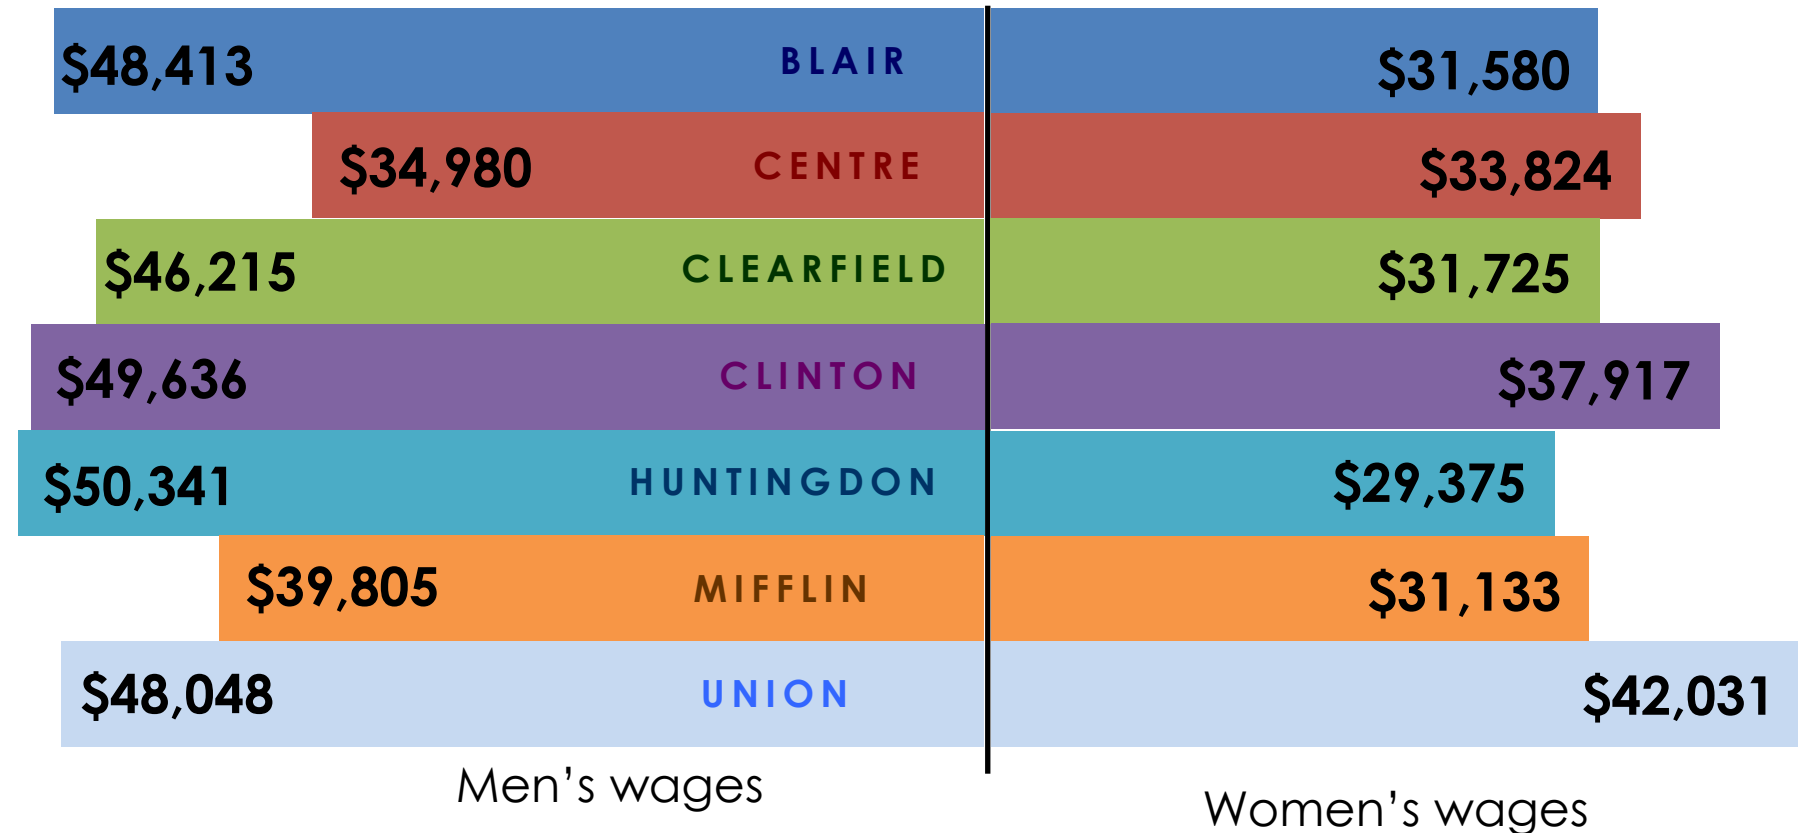

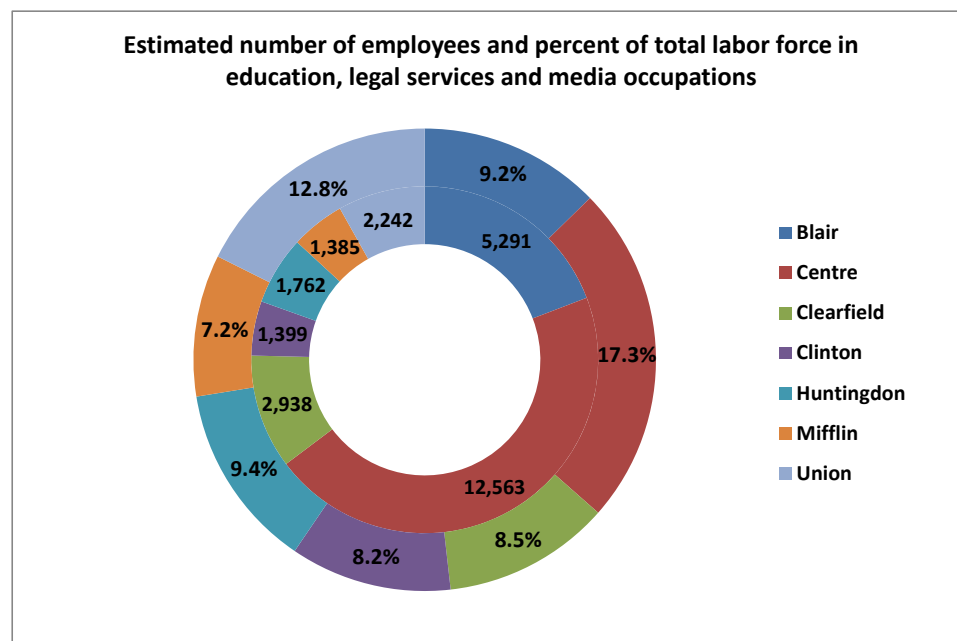

## Occupations and wages continued:

Counties of Blair, Centre, Clearfield, Clinton, Huntingdon, Mifflin and Union  
**Median annual wages for men and women employed in education, legal and social services and media occupations by county**

### Education, legal and social services and media

Union County's median wage for education, legal services and media occupations is the highest, edging out Clinton County. Centre County has the most employees in these occupations.

Men and women as a percent of the total number of estimated employees in education, legal and social services and media occupations							
	Blair	Centre	Clearfield	Clinton	Huntingdon	Mifflin	Union
<b>Men</b>	33.2%	47.0%	34.1%	28.6%	37.6%	29.5%	45.7%
<b>Women</b>	66.8%	53.0%	65.9%	71.4%	62.4%	70.5%	54.3%

### Percent of employment by sub-occupations for all counties

Sub-occupation	Percent of Employment
Social Services	18.2%
Legal Services	4.6%
Education	65.7%
Media	11.5%

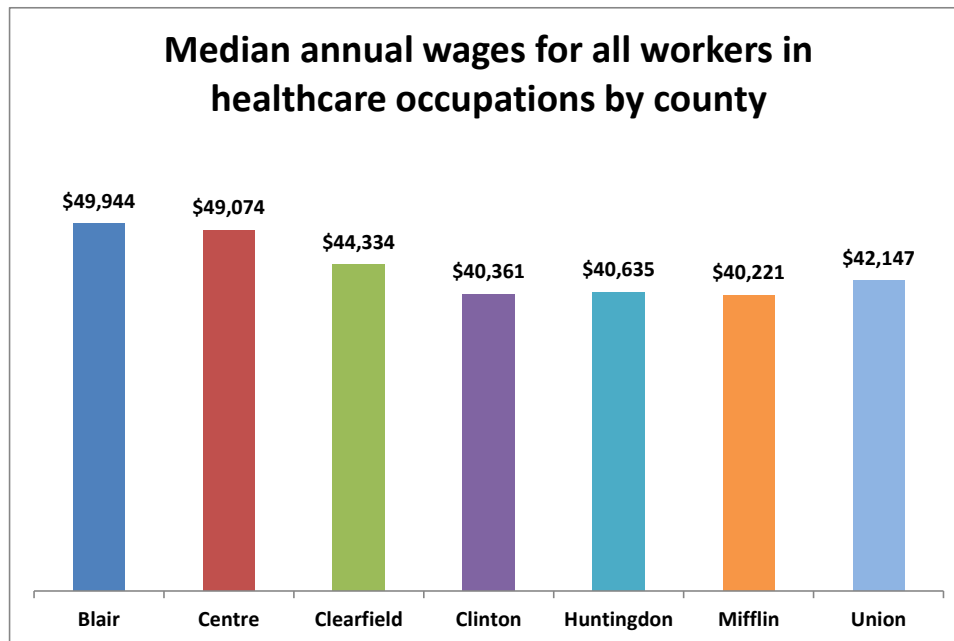

## Occupations and wages continued:

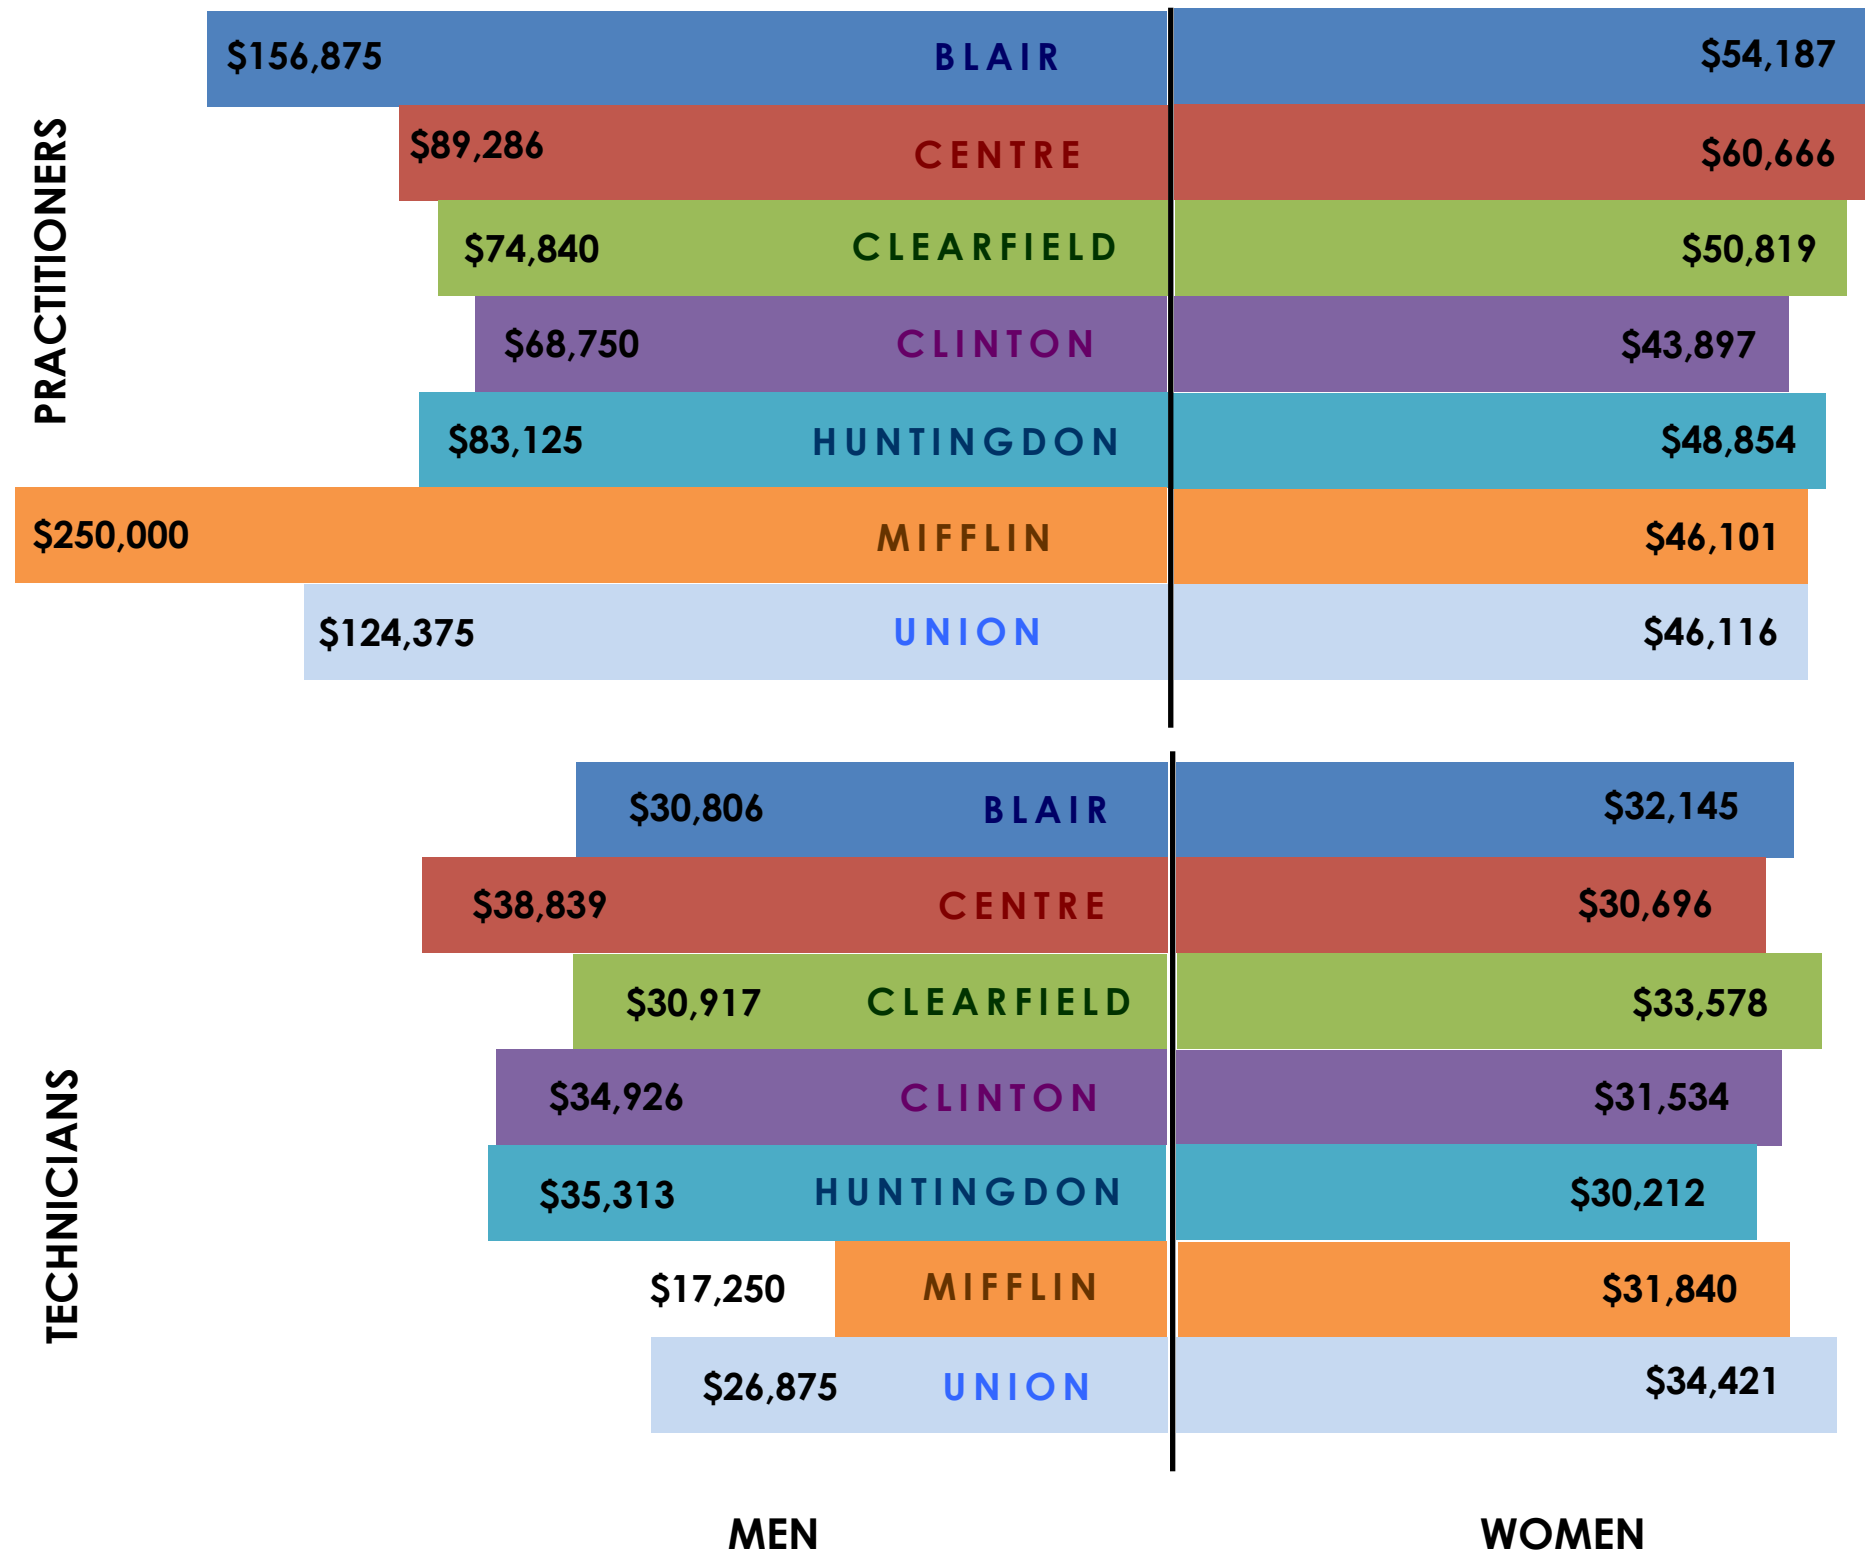

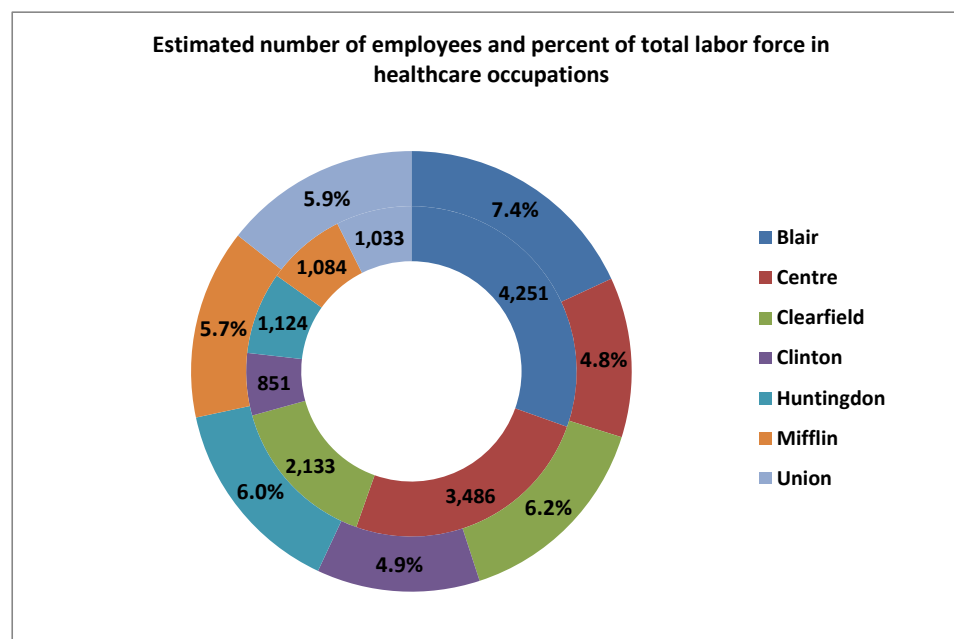

Counties of Blair, Centre, Clearfield, Clinton, Huntingdon, Mifflin and Union

Median annual wages for men and women employed in healthcare, both practitioners and technicians

### Healthcare practitioners and technicians

Blair County has the highest median annual wages for all healthcare workers and the largest number of employees in healthcare occupations.

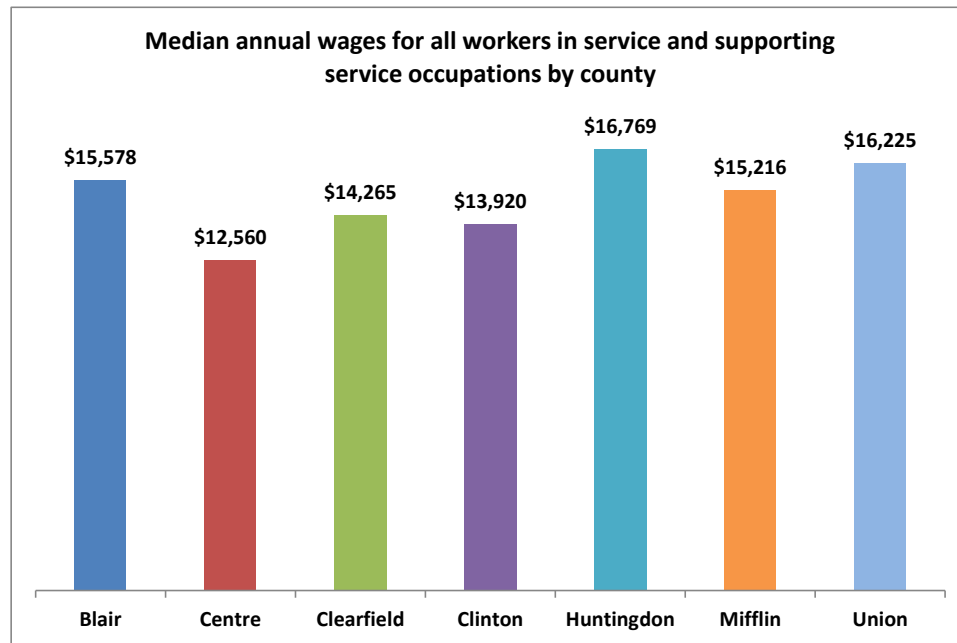

# Occupations and wages continued:

Counties of Blair, Centre, Clearfield, Clinton, Huntingdon, Mifflin and Union  
**Median annual wages for men and women employed in service and supporting service occupations**

## Services and supporting services

Median annual wages for service occupations across all counties are low. Blair County has the most employees but Clinton County has the greatest percentage of the total labor force in service and supporting service occupations.
